

Buckinghamshire Safeguarding Adults Board

And

Buckinghamshire Safeguarding Children Partnership

Learning & Development Business Plan

2020 - 2022

Introduction

This is a joint Learning and Development Plan shared between the Buckinghamshire Safeguarding Adults Board (BSAB) and Buckinghamshire Safeguarding Children's Partnership (BSCP). Working Together 2018 and the Care Act 2014 are statutory requirements that underpin legislation and activity to support the care and wellbeing of adults and children. This business plan seeks to ensure that learning is promoted and embedded in a way that local services for children, adults and families can become more reflective and implement changes to practice

Both the BSAB and BSCP are key mechanisms for coordinating how organisations in Buckinghamshire cooperate to safeguard and promote the welfare of adults and children in the area and for ensuring the effectiveness of that work.

Making sure that staff have access to safeguarding training and wider learning and development opportunities that are relevant to their role is key to ensuring our workforce can effectively safeguard adults and children. This not only applies to those who have direct and regular contact with adults and children, but also to those who only have indirect or infrequent contact or who may be in a position where they can identify potential safeguarding risks.

The BSAB and BSCP are committed to delivering a high quality multi-agency training program, which is informed by the workforce and supports professionals, volunteers and the independent sector in their work to safeguard and promote the welfare of adults and children.

What does the Learning & Development Plan hope to achieve

The Learning & Development Plan will outline how inter-agency training will be commissioned, delivered and monitored for impact, thus supporting practitioners and managers in :-

- Building an effective workforce, whose practice is underpinned by current knowledge and guidelines relevant to their role, thus developing frontline practitioner expertise
- Raising awareness and understanding of safeguarding in Buckinghamshire
- Providing a training pathway that describes continual professional development of staff. Where possible this will signpost to and support partner agencies' training pathways
- Providing a forum for sharing good practice including cascading lessons learnt from statutory reviews into serious incidents, including deaths.

Training Needs Assessment

The training the BSAB and BSCP provide is decided upon by a variety of methods. These include:

- BSAB & BSCP priorities agreed by executive members
- Learning from local and national Safeguarding Case Reviews and audits
- Changes to local or national practice
- Delegate feedback and evaluations

- Input from the BSAB & BSCP sub group members
- Emerging opportunities for joint working

Training Delivery

Training needs for the BSAB and BSCP are to be identified through the Sub Group Chairs, Joint Independent Board and Partnership Chair and Safeguarding Partnership Manager.

Having identified training needs these will be signed off by the Adults Safeguarding Board and Children's Partnership Executive.

Training will be delivered through the following processes:-

- **Face to Face training**

A number of locations across Buckinghamshire will be used to facilitate training events. These include both public and private sector venues to ensure that any training provision is easily accessible. Local learning events will be held at either one of these venues or if more appropriate, held within a Council owned location.

Training will be delivered by an a) external provider. This includes b) introductory and c) specialist courses.

- External providers will include companies deemed by the BSAB and BSCP to be professionally competent and qualified to do so.
- Introductory courses include, but not exclusive, to Working Together in Safeguarding Children (2-day) and Everyone's Responsibility (1-day). Both of these courses are aimed at professionals/volunteers working with children.
- Specialist courses to include training that meets the requirements of the BSAB/BSCP Sub Groups, Independent Chair and Safeguarding Partnership Manager. For example, but not exclusive to, Domestic Abuse, Neglect and Exploitation.

- **Multi-Agency Training**

Training already exists across a wide range of multi-agency platforms. The BSAB and BSCP will publish training events on their website on behalf of partners.

- **Learning Events**

Offer learning events relating to our business priorities and outcomes from Safeguarding Case Reviews. This will also include two annual conferences for both the BSAB and BSCP.

- **E-Learning**

Maintain appropriate e-learning opportunities in both BSAB and BSCP through our websites and signposting to other e-learning hosted within the wider multi-agency.

- **Virtual Training**

The BSAB/BSCP reserves the right to replace face to face training with a virtual delivery option. This option can be exercised due to unforeseen circumstances arising, for example situations similar to Covid 19 (2020) where Government guidelines preclude/restrict social interactions.

This option can also be discussed with any organisation that wishes to commission training under the BSAB/BSCP umbrella and it would be their preferred training delivery method.

Impact Assessment

The learning and development delivered under this business plan will provide a training pathway for multi agencies and voluntary third sector organisations. The training will be delivered by external providers who will be required to provide training that meets the statutory or national standards and takes into cognisance the local delivery aspects of policy and procedures in Buckinghamshire.

The BSAB/BSCP will undertake a continual assessment of all training delivered by any provider to ensure that the Buckinghamshire need is met. This will include processes to establish that the training delivered is refreshed and up to date meeting current legislation. An annual audit will be conducted with training users to establish the quality of the training delivered and seek feedback for improvement.

Training Costs

Booking of all training sessions, venues and catering will be managed by the team that supports BSAB/BSCP. The team will manage all invoicing to the providers of these services and also the invoicing of those attending the training. The following attendance costs will apply throughout the timescale of this business plan i.e. 2020/2022. The cost can only be reviewed by the BSAB/BSCP in conjunction with the Joint Independent Chair and Safeguarding Partnership Manager:-

- Free as a member of an agency financially supporting the BSAB/BSCP i.e.

Buckinghamshire Council
Thames Valley Police
Clinical Commission Group
Bucks Fire Service
Bucks Healthcare NHS Trust
Oxford Health NHS FT
Vale of Aylesbury Housing Trust
HM Probation
Probation Thames Valley CRC

- A maximum of £120 per person/per training day or £60.00 per person/per half day for agencies not contributing financially to support the BSAB/BSCP.
- A maximum of £60 per person/per training day or £30.00 per half day or less attending from a registered charity in Buckinghamshire.

Training cancellation/non-attendance policy

The BSAB/BSCP reserves the right to levy a fee for cancellation or non-attendance of any training session that a person has booked to attend. The responsibility for cancelling any training will be that of the person or organisation having booked it in the first place.

Due to the costs of preparing and running these courses the above charges will apply in all cases. If there is an exceptional circumstance with regards to cancellation or non-attendance then the payment of the fee will be at the discretion of the Safeguarding Partnership Manager. See appendix 1 for current BSCP charging/cancellation policy.

BSCP Guide to safeguarding children training pathways for employers

Introductory courses provided by your employer/organisation

	Who	What	Content
PROVIDED INTERNALLY "A"	All those <u>who have any contact</u> with or working with children and young people and/or adults who are parents or carers	Mandatory Induction (e-learning or face to face)	Recognition of and action on potential signs of abuse and neglect in line with own agency procedures and Buckinghamshire Safeguarding Children Partnership (BSCP) policy Recording of information appropriately Keeping the focus on the child
	Those <u>in regular contact</u> or who have a period of intense but irregular contact with children, young people, parents/carers	Single-agency training (preferably face to face)	The above + Information sharing in line with current guidance Using The Assessment Framework for Children in Need Communication with children and young people particularly in relation to disclosures

Delegates must have completed group "A" before booking onto these courses
